

Indac

Hot water cylinder

Drip Tray

Designed to meet the new NZ building code G12/AS1, Drip trays (safe trays) are now a requirement for all internal hot water cylinder installations and replacements.

The Indac drip tray is specifically designed to protect dwellings from hot water cylinder leaks and accidental overflow.

Our trays have four 1 1/2" BSPT (40 mm) outlet options making installation quick and easy

Made from high quality Polyethelene these trays are made to last.
